KHANDKER SHATHIL

Entry-Level Software Engineer | Full-Stack Developer
Pennsylvania, USA | +1 570-991-0349 | kajs.sjak@gmail.com | GitHub
Authorized to work in the United States | Open to US remote roles and positions nationwide

CAREER OBJECTIVE

Computer Science and Engineering graduate with hands-on experience building full-stack applications using React, Next.js, Express, and MongoDB. Seeking an entry-level software engineering role to contribute to user-focused applications, strengthen my engineering skills, and grow within a collaborative team.

TECHNICAL SKILLS

Frontend: JavaScript, HTML, CSS, React, Next.js, Tailwind CSS, daisyUI, shadcn/ui
Backend and Database: Node.js, Express.js, REST APIs, MongoDB, aggregation pipelines
Authentication and Payments: Better Auth, Google OAuth, role-based access control, Stripe
Tools and Support: Node.js test runner, ESLint, WordPress, troubleshooting, technical documentation

PROFESSIONAL EXPERIENCE

Technical Support Intern | Prokriti O Jibon Foundation (POJF)

Savar, Bangladesh | July 2024 - October 2024

- Troubleshot hardware, software, operating system, connectivity, and peripheral-device issues.
- Supported workstation setup, software installation, WordPress updates, and technical documentation.

PROJECTS

Digital Life Lessons | Community Learning Platform

A platform for publishing life lessons, discovering community content, and accessing premium learning content.
Stack: Next.js, React, Express.js, MongoDB, Stripe
Live Demo | Client GitHub | Server GitHub

- Publish and manage public or private lessons with authenticated access and ownership controls.
- Discover lessons through search, filtering, and pagination; save favorites, comment, and like content.
- Subscribe to premium access through Stripe checkout with payment verification and webhook updates.
- Manage users and moderate content through role-based administration and analytics dashboards.

MediQueue | Tutor Booking Application

A tutor discovery and booking application where users can manage profiles, browse tutors, and book sessions.
Stack: Next.js, React, Node.js, Express.js, MongoDB
Live Demo | Client GitHub | Server GitHub

- Create an account with email and password or Google sign-in, and manage profile information.
- Browse tutor listings and view tutor details to find suitable sessions.
- Create and manage tutor listings with validation and ownership checks.
- Book or cancel sessions with available-slot updates and handling for database write failures.

EDUCATION

Bachelor’s Degree in Computer Science and Engineering

North South University | Dhaka, Bangladesh | Graduated July 2026

PROFESSIONAL DEVELOPMENT

AI-Driven Full Stack Web Engineering | Programming Hero

Online | Completed October 2026

LANGUAGES

English - Advanced | Bangla - Advanced
